Disclaimer: This press release has been prepared for the purpose of announcing to the public certain matters relating to the acquisition of five hotel assets, and is not an offer to sell or a solicitation of any offer to buy Ichigo Hotel shares.

- <sup>1</sup> Lodging-focused hotels are hotels specialized in lodging with a limited or minimum amount of related facilities located near train stations, airports, tourist sites, business and commercial districts, and other key transport infrastructure such as major train stations and highway interchanges.
- <sup>2</sup> Appraisal Value is calculated by Tanizawa Sogo Appraisal as of July 1, 2023, and is in compliance with the appraisal guidelines of IIA as well as the rules of the Investment Trusts Association of Japan.
- <sup>3</sup> Acquisition Price excludes incidental expenses such as fees and property, city planning, and consumption taxes. The assets to be acquired may include personal property.
- <sup>4</sup> For further details, please refer to today's release "Issuance of New Shares via Third Party Allotment."
- <sup>5</sup> For further details of the new loan, please refer to today's release "New Loan for Acquisition of Hotel Assets."

Of the five hotel assets, because the seller of four of the assets, HOTEL THE KNOT YOKOHAMA, Quintessa Hotel Ise Shima, Quintessa Hotel Ogaki, and THE KNOT SAPPORO, is a related party as defined under the Investment Trust and Investment Corporation Law (1951 Law, Act No. 198, including subsequent revisions), Ichigo Hotel received approval for the acquisition of these four hotels at today's Board of Directors meeting.

Because The OneFive Hotels, the hotel operator of THE KNOT SAPPORO, is a related party as defined in the Investment Trust and Investment Corporation Law (with limited impact on the assets of registered investment corporation defined in the Enforcement Ordinance of the Investment Trust and Investment Corporation Law Article 245-2) and the lease contract with OneFive Hotels is a related party transaction as defined in Ichigo Investment Advisor ("IIA")'s internal rules, Ichigo Hotel received approval at the Board of Directors meeting.

## 2. Acquisition Rationale

Since the fall of 2022, Covid's impact on Japan's hotel market has begun to subside. Domestic leisure and business demand has been recovering due to the Japanese government's domestic travel subsidy program, and inbound tourism has been robust due to the lifting of Japanese restrictions on inbound travel. Ichigo Hotel has decided to take advantage of this hotel market recovery to maximize shareholder value by growing and further diversifying its portfolio to drive higher earnings growth and stability.

Ichigo Hotel was scheduled to acquire the five hotels using proceeds from a new share issuance in March 2023, but decided to cancel the issuance of new shares that was announced on March 16, 2023 after discovering a miscalculation in its January 2023 earnings.

The earnings of the five hotels have exceeded the earnings forecasts generated at the time of the March 2023 new share issuance. Going forward, hotel acquisition prices are expected to increase on the back of Japan's ongoing hotel demand recovery and growth, with hotel acquisitions becoming increasingly competitive given growing hotel earnings.

Given the above, with the support of Ichigo, Ichigo Hotel's sponsor, Ichigo Hotel has decided to acquire the hotels at the acquisition prices that were agreed upon at the time of the March 2023 new share issuance. The acquisitions will be funded with proceeds from the new share issuance announced in today's release, "Issuance of New Shares via Third Party Allotment," a new syndicated loan from partner banks, and cash-on-hand.

Today's acquisitions will grow Ichigo Hotel's portfolio to 30 hotels and JPY 69.8 billion.

The five hotels all have a combination of fixed and variable rents. The fixed rents will support earnings stability, and the variable rents will create the potential for upside earnings growth on increased inbound and domestic hotel demand.

The average appraisal NOI yield and average post-depreciation NOI yield of the five hotels are 5.8% and 4.8%, respectively.

Ichigo, Ichigo Hotel's sponsor, is strengthening its commitment to drive further growth and shareholder value at Ichigo Hotel, Ichigo Office (8975), and Ichigo Green (9282). Supported by continued Japanese hotel demand growth, Ichigo Hotel will continue to execute on its growth strategy to maximize shareholder value.

Note 1: Average appraisal NOI yield is equal to the total appraisal NOI of the five hotels divided by the total acquisition price of the five hotels. Average appraisal NOI yield, calculated by IIA based on the real estate appraisal report, is not the actual number in the report and may not reflect the actual post-acquisition NOI yield.

Note 2: Average post-depreciation NOI yield is calculated as appraisal NOI minus depreciation divided by the total acquisition price of the five hotels, where depreciation is an estimated value calculated by IIA using the straight-line method. Average post-depreciation NOI yield, calculated by IIA based on the real estate appraisal report, is not the actual number in the report, and may not reflect the actual post-acquisition post-depreciation NOI yield.

#### (4) Location and Description of the Quintessa Hotel Ogaki

The Quintessa Hotel Ogaki is a lodging-focused hotel located within a five-minute walk from Ogaki Station on the JR Tokaido Line, Yoro Railway Yoro Line, and Tarumi Railway Tarumi Line.

Ogaki City is located in the center of Japan and is the second most populous city in Gifu Prefecture, which has historically been a strategic area for east-to-west transport and facilitating economic and cultural exchange. The JR Tokaido Line and Meishin Highway run through Ogaki City, offering convenient access to Nagoya and major cities in the Kanto and Kansai areas.

The hotel's rooms are at least 20m<sup>2</sup> in size, and can be used by both business and leisure travelers. The hotel also has conference rooms and banquet halls, which are not widely available in the surrounding area and thus can flexibly accommodate the diverse needs of guests.

## (5) Location and Description of THE KNOT SAPPORO

THE KNOT SAPPORO is a boutique hotel located within a two-minute walk from Susukino Station on the Sapporo Municipal Subway Namboku Line.

The hotel is located between Odori Station, where large department stores such as Mitsukoshi are located, and Susukino Station, where one of Japan's largest entertainment districts is located, in a busy area close to the Tanukikoji Shopping Street, a major tourist spot. There are multiple development projects scheduled in the surrounding areas.

Designed based on the theme of "Modern & Nature," the hotel's single-bed rooms and twin-bed rooms allow it to flexibly accommodate both inbound tourism demand and business demand.
