In the 2023 GRESB Real Estate Assessment, Ichigo Hotel was awarded Two Stars in the GRESB Rating (maximum five stars) and won a Green Star designation for the third year in a row.

1. Assessment Results

The Two Stars awarded to Ichigo Hotel is based on the quintile position of Ichigo Hotel’s GRESB Overall Score relative to global participants. The Green Star designation, awarded to Ichigo Hotel for the third consecutive year, exemplifies Ichigo Hotel’s high achievement in areas of ESG-related policies and organizational setup (the “Management Component”), and the environmental performance of its assets as well as tenant engagement (the “Performance Component”).

Ichigo Hotel also received the highest “A” GRESB Public Disclosure Level, which measures the quality of ESG disclosures by REITs and listed property companies, up from last year’s “B” Level.

2. GRESB Real Estate Assessment Overview

Since its launch in 2009, GRESB has assessed the performance of various property companies and funds around the world, establishing a global standard for ESG benchmarking that is now applied to a broader and more diverse class of real assets. Today, more than 150 GRESB investor members who are some of the largest pension funds and their fiduciaries, including the Government Pension Investment Fund (GPIF) and several investors in Japan, use the GRESB data in their investment management and engagement process to better understand the sustainability risks and opportunities intrinsic to their real asset investments.

2,084 companies and real estate funds participated in the GRESB Real Estate Assessment this year.
