⁵ Appraisal Value is as calculated by Tanizawa Real Estate Appraisal Co., Ltd. as of July 31, 2024, and is compliant with the appraisal guidelines of IIA as well as the rules of The Investment Trusts Association, Japan.

2. Sale Rationale

Ichigo Hotel continues to execute on its strategy to build a stable, diversified portfolio and drive shareholder value. As part of this strategy, Ichigo Hotel diversified its portfolio via the acquisition of five hotels in August 2023, i.e., Comfort Hotel Osaka Shinsaibashi (Ichigo Shinsaibashi Building), HOTEL THE KNOT YOKOHAMA, Quintessa Hotel Ise Shima, Quintessa Hotel Ogaki, and THE KNOT SAPPORO, from sponsor Ichigo.

The Valie Hotel Hiroshima is a lodging-focused hotel located a 15-minute walk from JR Hiroshima Station and a three-minute walk from Jogakuin-Mae Station on the Hiroshima Electric Railway. Since acquiring the hotel in July 2019, Ichigo Hotel has rebranded the hotel and conducted value-add initiatives to increase the hotel’s value.

Considering the hotel’s lease agreement ending on November 30, 2024, IIA was in the process of planning a large-scale renovation and renewal to drive earnings in spring 2025. While negotiating contract terms with the current hotel operator and other hotel operators, it received an offer from the buyer that values the hotel at a price greater than book value and appraisal value, reflecting the buyer’s recognition of the hotel’s convenient location near the Hiroshima Joint Government Building.

IIA decided that it is in the best interest of shareholders to sell the hotel after determining that value-add capex costs and maintenance costs will potentially increase to maintain the hotel’s competitiveness.

As a result of the sale, Ichigo Hotel is forecast to record c. JPY 230 million in gains on sale during the January 2025 fiscal period, which will be distributed to shareholders as dividend.

Ichigo Hotel will strategically use the proceeds from the sale to fund growth investments including hotel acquisitions and value-add execution.
