Notes:

1. The above data are as provided by the hotel operators or as calculated by Ichigo Investment Advisors based on information provided by the hotel operators. The data have not been audited and thus their accuracy cannot be guaranteed and may not match data disclosed in future releases.
2. Revenue is revenue from accommodations and related services only. Rent from retail tenants at The OneFive Osaka Sakaisuji, Hotel Wing International Kobe Shin Nagata Ekimae, Smile Hotel Tokyo Asagaya, Nest Hotel Kumamoto, Hotel Sunshine Utsunomiya, Comfort Hotel Osaka Shinsaibashi (Ichigo Shinsaibashi Building), HOTEL THE KNOT YOKOHAMA, and THE KNOT SAPPORO are not included.
3. RevPAR (Revenue Per Available Room) is calculated with the following formula:

$$\text{RevPAR} = \text{Total Revenue from accommodations (excluding restaurant charges and other service fees)} / \text{number of available guest rooms}$$

4. Occupancy is calculated with the following formula:

Occupancy = Total number of guest rooms occupied during the period /
(total number of guest rooms * number of days hotel was in operation during the period)

Occupancy may exceed 100% in the following cases: 1) a guest had pre-paid for a guest room but checked out early, allowing the guest room to be occupied by a different guest; or 2) a guest room is occupied for less than one day by different guests.

5. ADR (Average Daily Rate) is calculated with the following formula:

ADR = Total revenue from accommodations (excluding restaurant charges and other service fees) / number of guest rooms occupied during the period

6. The Capsule Plus Yokohama and the Washington Hotel Plaza Shimonoseki Eki Nishi are excluded from the above data because the hotel operators did not give consent to disclose hotel-specific data that would allow for year-on-year comparisons. Data for the Hotel Livemax Nihombashi-Hakozaki are included in the total and fixed rent hotels data above, but not separately disclosed because the hotel operator did not provide consent to disclose hotel-specific data.

7. Pre-acquisition data for acquired hotels are based on data received from the previous owners.

Explanation of Changes

According to the Japan National Tourism Organization (JNTO), the number of inbound tourists reached 3.31 million people in October 2024, a 31.6% year-on-year increase and a 32.7% increase vs. October 2019. This number exceeds the record high of 3.29 million people in July 2024, thus setting a new monthly record. In addition, the cumulative number of inbound tourists this year up to October was 30.19 million people, making 2024 the fastest year to reach 30 million tourists. Ichigo Hotel's hotels continued to see steady business demand, growing inbound demand due to the upcoming fall foliage season, and ADR growth as a result of conferences and various events. As a result, Revenue, RevPAR, Occupancy, and ADR for Ichigo Hotel's 28 hotels increased year-on-year.

ESG Initiatives

As announced in the October 11, 2024 release "Ichigo Hotel Awarded Three Stars in GRESB Rating," Ichigo Hotel was awarded Three Stars in the GRESB Rating in the 2024 GRESB Real Estate Assessment based on the quintile position of Ichigo Hotel's GRESB Overall Score relative to global participants, one rank higher than the Two Stars awarded last year. Ichigo Hotel also won a Green Star designation for the fourth year in a row.

In addition, Ichigo Hotel has received the highest "A" GRESB Public Disclosure Level for the second year in a row in recognition of its ESG initiatives and disclosures.

Ichigo Hotel will continue to address environmental issues, drive asset value, and reduce energy use to realize a net zero carbon society.
